Consultant Psychiatrist

We're looking for a Consultant Psychiatrist to lead psychiatric assessment, diagnosis, and treatment for children and adolescents, providing senior clinical leadership within our CAMHS team.

What You'll Do

- Conduct psychiatric assessments, diagnosis, and treatment planning
- Prescribe and monitor psychotropic medication with the wider team
- Lead decision-making on complex and high-risk cases
- Lead on risk assessment, safeguarding, and crisis management
- Supervise junior psychiatrists, trainees, and clinical staff
- Chair multidisciplinary team meetings and case reviews
- Liaise with schools, paediatricians, and external agencies

What We're Looking For

- Medical degree with specialist training/board certification in Child and Adolescent Psychiatry
- Holding a valid DHA licence as a Consultant Psychiatrist
- 5+ years' post-specialisation experience in child and adolescent psychiatry
- Strong track record in diagnosis, medication management, and risk assessment
- Experience in clinical leadership and supervision
- Excellent communication and report-writing skills

Nice to Have

- Subspecialty experience (e.g. neurodevelopmental psychiatry, eating disorders, early intervention)
- Experience in service development, teaching, or research
- Arabic language skills
